Introduction

CyberX Private Company is committed to protecting the privacy and personal data of our customers, employees, and other individuals with whom we interact.

This Data Protection Policy outlines our practices for collecting, using, and safeguarding personal data in accordance with applicable laws and regulations.

Data Collection:

CyberX Private Company collects personal data only for legitimate business purposes and with the consent of the individual, where required by law.

We collect personal data from a variety of sources, including:

- Information provided by individuals through our website, application forms, and other forms of communication
- Information provided by our customers and clients
- Information provided by our employees and job applicants
- Information obtained from public sources such as social media and professional networks

Data Use

Personal data collected by CyberX Private Company will be used for the following purposes:

- To provide products and services to our customers and clients
- To manage and maintain our business relationship with our customers and clients
- To recruit and manage our employees
- To comply with legal and regulatory requirements

Data Retention

CyberX Private Company will retain personal data only for as long as necessary to fulfill the purposes for which it was collected, or as required by law.

We have implemented appropriate technical and organizational measures to ensure that personal data is securely deleted or anonymized when it is no longer needed.

Data Sharing

CyberX Private Company may share personal data with third parties for legitimate business purposes, such as service providers and partners. We will only share personal data with third parties who are bound by appropriate confidentiality and data protection obligations.

Data Security

CyberX Private Company has implemented appropriate technical and organizational measures to protect personal data against unauthorized access, alteration, disclosure, or destruction.

Our measures include:

- Secure storage of personal data
- Use of encryption for transmitting personal data
- Regular backups of personal data
- Restriction of access to personal data to authorized personnel only

Data Access and Correction

Individuals have the right to access their personal data held by CyberX Private Company and to request correction of any inaccuracies.

Requests for access or correction should be made in writing to the Data Protection Officer at the contact details provided below.

Data Breach Policy:

CyberX Private Company is committed to protecting the personal data we hold and will take all reasonable steps to prevent data breaches from occurring.

In the event of a data breach, we will take immediate action to contain the breach and to minimize any potential harm to individuals whose personal data may be affected.

Our data breach response plan includes

- Identification of the cause of the breach
- Notification of affected individuals, where necessary and appropriate
- Notification of relevant authorities, where required by law
- Implementation of remedial measures to prevent similar breaches from occurring in the future

Data Protection Officer Contact Information

If you have any questions or concerns about this Data Protection Policy, or if you wish to make a complaint about our handling of personal data, please contact our Data Protection Officer at:

CyberX Private Company Data Protection Officer
